

Paignton Zoo

Its only 22 miles from Springfield Holiday Park to Paignton Zoo, but it is well worth the trip.

Paignton Zoo also has an amazing breeding and conservation programme, and have recently photographed a new Antelope in Kenya that has never before been seen. The zoo is home to 250 species of exotic animals, including 70 endangered species.

On the large side, you can see Lions, Tigers, African and Asian Elephants, Gorillas, Black Rhinoceros, Giraffe, Zebra and Buffalo.

On the small side you can see ducks, geese, rabbits, pigs, guinea pigs, parrots and peacocks.

Its a great day out with shops and a restaurant also available, and only minutes from the beach at Torbay, Brixham and Torquay.

You can get more information about the Zoo from their site: www.paigntonzoo.org.uk

You can get more information about adopting a plant or an animal on: Adoption@paigntonzoo.org.uk
